Installation

Pairing Mode

1. Press and hold the power button for 5 seconds to put the item into pairing mode;
2. Follow the instructions to connect to the app;

Getting started

1. Make sure your Calnex Gaming product is added to the Calnex Smart App on your smartphone or tablet.

Then go to step 2. If not, follow the steps below.

Make sure you have a strong Wi-Fi signal and that both your PC and mobile device are connected to the same Wi-Fi network.

Before you start adding Calnex Gaming products, write down the name and password, including spaces and capital letters, of your Wi-Fi network.

Please note: this item only works on a 2.4GHz Wi-Fi network, not on a 5GHz Wi-Fi network. If you receive a message that the product only works on 2.4GHz networks, you will need to change the Wi-Fi frequency of your network to 2.4GHz in the settings menu of the router. To do this, contact your internet provider.

- Download the Calnex Smart app for your smartphone or tablet via the Google Play Store, the Apple Store or scan the QR code.

- Open the app. If you are using the app for the first time, follow the on-screen instructions to create your account.

- Turn on the device. If you have Bluetooth on your phone and it is turned on, it will automatically connect. If you are unable to connect automatically, add this device by tapping the + (top right corner of the screen). Follow the instructions to complete the installation. For more information, see our website: <https://help.calnex.eu>

- Reset: You may need to reset the product first. To do this, turn the device on/off (plug/unplug) 3 times. The device will start flashing.

2. Download and install the latest version of the "Calnex Gaming" software for PC via www.calnex.eu/

3. Open the Calnex Gaming software and scan the QR code that appears on the screen with your Calnex Smart App to log in with your Calnex Smart.

To do this:

a. open the Calnex Smart app on your mobile device

b. go to

c. click on

d. click on

4. Make sure the "Enable Razer Chroma" switch is set to "ON"

5. Drag and drop your item(s) into the "Room Management" tab based on their position in your room.

6. Install the latest version of Razer Synapse Software from the Razer website (razer.com) on your PC.

7. Go to the "MODULES" tab, hover over "CHROMA CONNECT" and select "ADD"

8. Open Razer Synapse, go to CONNECT > DEVICES.

9. Make sure the switch for Calnex Gaming is set to "ON".

10. Your Calnex Gaming item is now ready to be controlled by Razer Synapse.

11. To get the most out of your Calnex Gaming and Razer Chroma integration, we recommend installing the following modules:

- CHROMA STUDIO - Create advanced effects
- CHROMA VISUALIZER - Lighting effects directly synchronized with music played from the PC
